Mark and Sean – attached is the response from GRAINCO FS to EPA's information request to LaSalle County Farm Supply. The second exhibit is the sales agreement between LaSalle County Farm Supply and Wedron Silica Co.

The map that I provided last week was given to us from the Office of State Fire Marshall. OSFM created the map, and I'm told the map was created from personnel that had firsthand knowledge of where the LCFS tank was located. Tom Andryk is the OSFM attorney we have spoken with, and he may be a point of contact to follow up with if you want additional information about the map. I've copied Tom to this email.

Jacquie. Would you send me the foundational information for the map. Also, who prepared and when? Appears to be for relative locations as indicated by Point 3. Thanks. Mark
